

On Tuesday, January 12, a devastating earthquake ripped through the Caribbean nation of Haiti. International relief and recovery efforts started immediately as the extent of the damage became known in this country of 9 million, the poorest in the Western Hemisphere.

In the hours following this tragedy, the Episcopal Church's Presiding Bishop, the Most Rev. Katharine Jefferts Schori, urged our "concrete and immediate prayers in the form of contributions to Episcopal Relief & Development, who are already working with the Diocese of Haiti to send aid where it is most needed."
